## DEADLY BLACK DAMP

A FATHER AND HIS TWO SONS  
LOSE THEIR LIVES AT CON-  
NELLVILLE, PA.

## IN A DESERTED AIR SHAFT

The Younger Boy Falls Into the Pit  
and His Older Brother and Parent  
Attempt the Rescue—The Whole  
Countryside Gathers Around the  
Place and After Some Hours the  
Bodies Are Rescued.

Connellsville, Pa., Oct. 14.—Three  
lives went out in a little air shaft only  
two feet in diameter and twenty feet  
deep, but filled with deadly black  
damp, at the mines of the Juniata  
Coke company near Juniataville. The  
dead are: John Gilleland, a miner,  
aged 50 years, and his two sons, James  
and Winfield, aged 11 and 15, re-  
spectively. All three bodies were re-  
scued, but in the effort John Nicholson,  
mine foreman at Juniataville, and  
John Baker, a mine fire boss, were  
seriously overcome by black damp.

Near the home of the Gillelands is  
a deserted air shaft. The two boys  
were playing around the shaft, which  
is boarded up for about two feet from  
the ground. James climbed to the top,  
shouting to his brother. Then he  
leaned over the top of the shaft. A  
sudden gust of the death fumes struck  
him and with a scream he fell for-  
ward into the pit. His brother rushed  
to the top of the shaft and started  
down a rickety ladder that years ago  
served the miners with means of de-  
scend. From the house not many  
yards away the elder Gilleland saw  
his boys go down the shaft. Realiz-  
ing their danger he rushed to the pit,  
and, regardless of his own safety, hur-  
ried down the hole. By this time a  
number of other inmates of the house  
hurried to the shaft. They went to  
the top and peered in, but only

Faint Groans Were Heard.  
About half way down the little shaft  
the body of the father had lodged.  
His white face and glassy eyes turned  
upwards to the light and air told that  
the gas did its work quickly and well.  
Like lightning the news of the tragedy  
spread over the farms of Dunbar and  
Franklin townships and in a few  
hours the whole countryside had  
flocked to the scene of the deaths.  
The difficult problem of how to de-  
scend the death trap to recover the  
bodies was finally solved by John  
Nicholson, mine foreman, who rigged  
up a farmer's fanning mill, used for  
cleaning wheat, in such a way as to  
fan pure air into the hole. Nicholson  
and John Baker, who had for years  
worked beside Gilleland, were then  
lowered into the shaft with ropes  
around their bodies. Gilleland's body  
was soon hoisted to the top, from  
where it had lodged, and at the bot-  
tom were found the bodies of the two  
boys entwined in a death embrace.  
After the dead came the rescuers to  
the surface and as soon as they  
reached the pure air the terrible ef-  
fect of the gas was evident and both  
fainted. Physicians say the men are  
in a serious condition. Gilleland leaves  
a wife and several children.

## LARGE RESERVOIR BURSTS.

Much Damage to Property at East  
Liverpool, O.

East Liverpool, O., Oct. 14.—A large  
reservoir, containing 10,000,000 gal-  
lons of water, burst during the day  
and caused great damage. No lives  
were lost, but a fire operator had a

narrow escape. The money loss will  
probably reach \$150,000. The reservoir,  
which is owned by the city and which  
was only completed a few days ago,  
was filled during the morning for the  
first time. It was taxed to its utmost  
capacity when the break occurred. A  
gang of laborers were laying pipes in  
a ditch near the wall which gave way  
and miraculously escaped death. The  
basin is located 500 feet above the  
pumping station on the highest hill in  
the city. A number of houses are lo-  
cated on the hillside between the reser-  
voir and the city proper. When the  
wall gave way the water shot down  
the incline with a mighty roar, the  
noise made warning the occupants of  
the endangered houses, who rushed  
to a place of safety in time to save  
themselves. A party of children were  
playing in a road directly in the path-  
way of the torrent, and though caught  
by a portion of the rushing water  
were rescued before drowned. Dozens  
of large trees were torn from their  
roots and carried down the hillside  
with lightning rapidity, being jammed  
with terrible force against the walls  
of the Hark Pottery company plant.  
The main building, with several small-  
er structures, was badly wrecked. Two  
large kilns and sheds were dashed to  
pieces and \$50,000 worth of ware  
ruined. The tracks of the Cleveland  
and Pittsburgh railway were covered  
with thousands of tons of debris and  
traffic is blocked. The street car line  
running parallel with the railroad suf-  
fered severely and traffic on a half  
mile of the track has been abandoned.  
The pumping station was in the direct  
path of the flood and filled with  
wreckage, which so damaged the en-  
gines that they cannot be used. Sev-  
eral houses were moved from their  
foundations, outbuildings carried  
away and a number of cars on a side-  
track overturned.

## SCHEEPER IS CAPTURED.

Boer Commandant Taken Prisoner by  
the British.

London, Oct. 14.—Lord Kitchener re-  
ports to the war office from Pretoria  
that General French's columns have  
captured Commandant Scheeper.  
Lord Kitchener does not state  
whether Scheeper's commando, which  
has been active in Cape Colony, was  
captured or not. The British have  
been in pursuit for a couple of weeks.  
Scheeper himself was so ill that he  
was obliged to travel in a buggy.

## AVERTED THE DISASTER.

British Torpedo Boat Destroyer Nar-  
rowly Escapes Being Lost.

London, Oct. 10.—A singular ac-  
cident which may possibly throw light  
on the loss of the torpedo boat de-  
stroyer Cobra recently has just oc-  
curred to the torpedo boat destroyer  
Crane. While she was on her way  
from Portsmouth to Portland the en-  
gine hands noticed that her deck  
beams were buckling amidships. The  
destroyer immediately returned at full  
speed to Portsmouth. An examination  
made of her shows that there was im-  
minent danger of another disaster  
like the one which befall the Cobra.

## RIOT AT SCRANTON.

Sympathizers With the Street Car  
Strike Get Disorderly.

Scranton, Pa., Oct. 14.—A riot oc-  
curred in connection with the street  
car strike, but, fortunately, there were  
no very serious results. A big crowd  
assembled at the lower end of the  
South Side line during the afternoon  
and began putting obstructions on the  
track. As cars came along and halted  
they were greeted with a fusillade of  
stones. A passenger, Mrs. Samuel  
Jones, and a motorman employed by  
the company, were cut by flying glass.  
The arrival of a squad of police put  
the mob to flight. The company  
made no further effort to operate the  
cars. The strikers have issued a let-  
ter to the public appealing to their  
sympathizers to refrain from attacks  
of violence and content themselves  
with keeping off the cars.

## WEEKS IS CRITICIZED

FILIPINOS RESENT MICHIGAN  
CONGRESSMAN'S RECENT  
STATEMENTS.

## ARE UNJUST AND FALSE

Members of the Philippine Commis-  
sion Characterize Them as "Too  
Sweeping" and "Based Upon Too  
Short an Experience"—Insurgent  
General Malvar Said to Be Prepar-  
ing for a Guerrilla Campaign.

Manila, Oct. 14.—There is consid-  
erable criticism here of the recent state-  
ments of Congressman Edgar Weeks of  
Michigan regarding Filipino char-  
acter and possibilities. Members of  
the commission refer to his remarks  
as "too sweeping" and as "based upon  
too short an experience. The native  
press unstintingly condemns the ef-  
fusions of Mr. Weeks as "unjust and  
viciously false."

The military authorities have re-  
ceived word that General Miguel Mal-  
var, the insurgent leader, is believed  
to have left the province of Batangas,  
Luzon, and to be planning an opera-  
tion in the province of Balucab, where  
insurgent conscription has been pro-  
gressing recently. The country there  
is mountainous and well adapted to  
guerrilla warfare.

Captain Pitcher has practically  
stamped out insurrection in the island  
of Mindoro.

The police force at Banana, prov-  
ince of Batangas, has been disbanded  
and the chief of police and several  
others have been placed under arrest  
on charges of belonging to an insur-  
gent society and using their offices  
to obtain information for the insur-  
gents.

Major Braganza, the insurgent of-  
ficer who ordered the execution of 103  
Spanish prisoners and personally su-  
perintended the carrying out of the  
order, has been sentenced to be  
hanged.

There is intense feeling among the  
natives in San Fernando, province of  
Pampanga, over the killing of a native  
by a soldier. Strong patrols are out  
in both San Fernando and Bacolor to  
prevent a hostile demonstration.

## SIGNS OF THE MANCHESTER.

Now Certain the Steamship Was  
Wrecked on Bikar Island.

Tacoma, Wash., Oct. 14.—The steam-  
ship Glenroy brings news from Hong  
Kong that wreckage has been found  
on Bikar island, a small uninhabited  
island of the Marshall group, which  
proves that the British ship Manches-  
ter came to grief there. The Man-  
chester, Captain F. Clemens, left New  
York loaded with kerosene shipped by  
the Standard Oil company just one  
year ago. Her destination was Yoko-  
hama, but the ship has not since been  
seen, shipping men agreeing that she  
must have been lost in a typhoon.

Footprints and marks of two boats'  
keels on the sand, together with other  
signs, make it certain that Captain  
Clemens, his wife, two children and  
crew had been on the island, and, un-  
able to find water, had pushed off  
again. Plainly marked in the sand  
were footprints of a woman and chil-  
dren. The body of one sailor was  
found in a scrubby growth of trees  
near shore. There were also found  
bodies of birds which had been sucked  
for their blood.

As no sign has since been seen of  
Captain Clemens and his family it is  
supposed they died of thirst before  
reaching inhabited islands. The Man-  
chester carried a crew of 25 men,  
most of them British sailors. The  
value of the ship and cargo was nearly  
\$500,000.

## A DANGEROUS PRECEDENT.

Consul General Dickenson Would Not  
Pay the Ransom.

London, Oct. 14.—The Reuter Tele-  
gram company has received the fol-  
lowing dispatch from Constantinople:  
"There have been no further develop-  
ments in the case of Miss Ellen M.  
Stone, the abducted American mis-  
sionary. It is reported that Spencer  
Eddy (secretary of the United States  
legation in Constantinople) has re-  
ceived a dispatch from Washington  
advising him that a sum of money  
which should suffice for the ransom  
would be forthcoming." The text of  
Reuter's advice is ambiguous.

The Daily Telegraph has the fol-  
lowing dispatch from Sofia: "United  
States Consul General Dickenson has  
received no instructions to pay the  
ransom. He is afraid a dangerous  
precedent would be created by pay-  
ment. He is fully convinced that the  
brigands were merely instruments  
acting under the instigation of late  
members of the Macedonian commit-  
tee. He has made strong representa-  
tions to the Bulgarian government  
asking the arrest of these instigators.  
Should this be done, he says, Miss  
Stone would doubtless be released on  
payment of a moderate indemnity and  
good assurance of freedom for her cap-  
tors. Some Macedonians have already  
been arrested here."

## YOUTHFUL POACHERS SHOT.

Leadville, Colo., Excited Over a  
Tragedy Enacted Near There.

Leadville, Colo., Oct. 14.—The town  
is wild with excitement over the kill-

ing of one boy and the fatally wound-  
ing of two others by Jesse Sherman,  
a prominent ranchman living near  
Leadville. Sherman caught the boys  
supposedly poaching upon his rabbit  
preserve and started after them with  
a shotgun. Ed Dorrington, 16 years  
of age, was shot and killed instantly.  
Earl King, 17, was fatally wounded,  
and James Considine, 14, was shot  
through the back and hips. Sherman  
then took the three boys to town and  
gave himself up. He asserts the gun  
was accidentally discharged while he  
was running. He was arrested on the  
charge of murder.

## ONLY ONE IS GUILTY.

Two Men Give Themselves Up for  
Killing a Negro.

Lexington, Ky., Oct. 14.—Two men,  
John T. Doyle and Martin Clark, both  
white, are in jail here charged with  
killing a negro named Henry Camp-  
bell. Each surrendered, believing that  
he fired the fatal shot. After being  
ejected from a saloon in which both  
white men were clerking, Campbell  
went home, secured a rifle, and, re-  
turning, opened fire from the door-  
way. Clark secured a pistol and Doyle  
a Winchester and each shot once.  
The negro fell dead, a bullet having  
passed through his body. The bullet  
could not be found and the coroner  
could not place the responsibility.

## POPE LEO'S JUBILEE.

Attains the Twenty-fifth Year of His  
Pontificate in February.

Washington, Oct. 14.—In well in-  
formed Catholic circles here it is be-  
lieved that the next consistory of the  
Catholic church at Rome will be held  
in February, when Pope Leo XIII at-  
tains the 25th year of his pontificate.  
While there have been no definite ad-  
vices to this effect it is thought likely  
that this assembly will open the jub-  
ilee to signalize the closing of the quar-  
ter century of Pope Leo's regime, and  
that he will take advantage of it to de-  
liver an allocution, taking a strong  
position on the question of assassina-  
tion, among other things.

## IS FEELING STRONGER.

Marquis Ito and Party Leave Chicago  
for the East.

Chicago, Oct. 14.—Marquis Ito and  
party, who have been sightseeing in  
Chicago for the past four days, left  
during the evening for New York.  
From New York the party will pro-  
ceed to Washington. While in the  
capital the marquis will call on Pres-  
ident Roosevelt. Marquis Ito has been  
in poor health for some time, but just  
before leaving he said he was feeling  
stronger than when he started on his  
long journey from Japan.

## Anarchists After Brazil's President.

Paris, Oct. 14.—The Lisbon corre-  
spondent of La Patrie says that a tele-  
gram has been received at the Portu-  
guese capital from Rio de Janeiro as-  
serting that two Italians were arrest-  
ed Friday evening last in the corridor  
of the presidential palace by an of-  
ficer of the guard. Both were armed  
with revolvers and daggers. In Rio  
Janeiro it is believed that they are  
anarchists and intended to assassinate  
President Campos Salles.

## Soft Coal Trust Getting in Shape.

Columbus, O., Oct. 14.—The Ohio  
State Journal says: The combination  
of the bituminous coal interests of the  
interstate field is rapidly becoming  
consummated. Already Indiana and  
Illinois have entered it and the mines  
of Ohio are rapidly being optioned by  
the men who are promoting the new  
trust. The latest Ohio field in which  
options have been secured is that of  
Jackson and Weston, one of the largest  
in the state.

## Crowd Cheers for Don Carlos.

Gijon, Spain, Oct. 14.—While a pro-  
cession was issuing from the Church  
of St. Pierre it was hooted by the  
crowd looking on. The gendarmes  
charged the crowd, which responded  
by throwing stones. Several persons  
were injured in the melee and Senor  
Dubizarretta, who was carrying a re-  
volver, was arrested. He is a well  
known Carlist deputy and the crowd  
shouted "Viva Carlos."

## Killed Many Wild Horses.

Denver, Oct. 14.—A special to The  
Republican from Albuquerque, N. M.,  
says: Ranchers living west of this  
city engaged in a hunt for wild horses  
that have lived on the ranges near  
here for several years past. About 75  
horses were killed and many driven  
over the edge of a deep canon. Forty-  
eight were killed outright and 22  
maimed and killed afterwards.

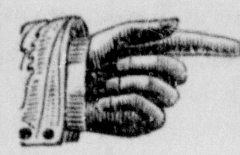

## Football Player Dies From Injuries.

Philadelphia, Oct. 14.—Edwin Long-  
enecker, aged 21 years, quarterback  
on the football team of the Brown  
preparatory school, this city, died in  
a hospital here as a result of injuries  
received in a game last Tuesday. Long-  
enecker was heavily thrown and  
fractured his spinal column.

## DURBIN WILL INVESTIGATE.

Wishes to Learn the Kentucky System  
of Declaring Juries.

Louisville, Oct. 14.—The Courier-  
Journal says that before Governor  
Durbin of Indiana decides whether to  
honor requisitions for W. S. Taylor  
and Charles Finley he will send a  
representative to Kentucky to investi-  
gate the Kentucky system of declar-  
ing a jury. It is said Governor Dur-  
bin has in his possession a document  
purporting to review the history of  
the juries impaneled in the cases  
growing out of the assassination of  
Governor Goebel. The duty of Gov-  
ernor Durbin's representative will be  
to verify this alleged history. It is  
said Deputy Attorney General Merrill  
Moore of Indiana will represent the  
governor in this matter.

## TO GIVE HIMSELF UP

PAT CROWE OFFERS TO SURREN-  
DER TO OMAHA CHIEF  
OF POLICE.

## CERTAIN TERMS IMPOSED

Must Not Be Locked Up Until the

Jury Finds Him Guilty—Is Unable  
to Furnish Bail in Excess of \$500.  
Alleged Kidnapper's Uncle Also  
Writes Offering Authorities the  
Same Conditions.

Omaha, Oct. 14.—Chief of Police  
John J. Donahue has received a letter  
from Pat Crowe naming the terms on  
which he will surrender. The letter  
covers 15 closely written pages of  
manuscript. The postmark is illeg-  
ible, but the letter was mailed at 8  
o'clock in the morning and reached  
this city at 8 in the evening of the  
same day, indicating that it had not  
traveled a long distance. In the let-  
ter Crowe agrees to give himself up  
at once and stand trial for the kid-  
napping of Eddie Cudahy providing  
he is not locked up until a jury shall  
adjudge him guilty. He says he is un-  
able to furnish bond in excess of \$500  
and demands that bail be fixed in that  
sum. Chief Donahue, when asked his  
opinion of the genuineness of the let-  
ter, expressed himself as quite satis-  
fied that it came from Crowe. Donahue  
has known Crowe for several  
years, is acquainted with his manner,  
handwriting and style of speech.

The chief also received a letter  
from Crowe's uncle at Manchester,  
Ia., submitting similar terms for  
Crowe's surrender, which leads the  
police to believe they are dealing with  
the right man.

Mr. Edward A. Cudahy was asked  
what action he would take with rela-  
tion to the suggestion of Pat Crowe  
that the bonds for his appearance  
pending his preliminary hearing and  
trial be fixed at a sum not to exceed  
\$500 and said:

"That is a matter over which I  
certainly have no jurisdiction, and,  
therefore, cannot enter into any agree-  
ment to have the amount fixed at any  
limit even to accommodate Mr. Pat-  
rick Crowe. That is for the courts to  
decide. I am opposed to entering into  
any special negotiations for the return  
of Crowe. It is only a matter of time  
when he will be apprehended. How-  
ever, I will withdraw the reward of-  
fered for his arrest and conviction."

## IS A TOTAL LOSS.

Steamer Hating Goes Ashore at Eu-  
reka Bay, Jervis Island.

Vancouver, B. C., Oct. 14.—In a  
dense fog the Canadian Pacific steam-  
er Hating, from Skaguay to Vancou-  
ver, went ashore at Eureka Bay, Jer-  
vis Island, and is now hard and fast  
on the rocks. The place is a small  
rocky inlet lying to the northeast of  
Laqueti Island, at the entrance to Sa-  
bine strait, 49 miles north of Van-  
couver. When the steamer went  
ashore Captain Gosse was on watch  
and First Officer Neurotos was on the  
bridge with the master of the vessel.  
The fog at the time was so dense that  
it was impossible to see 10 feet in any  
direction. The Hating had on board  
170 passengers, of whom 130 were  
first class and 40 second cabin. It  
is reported that a big hole has been  
discovered in the steamer's bottom.  
It is stated that at high tide the stern  
is under seven feet of water. The pas-

sengers have all been landed on ad-  
jacent islands. The vessel will be a  
total loss.

## MATTERS AGAIN SERIOUS.

Cigarmakers' Strike at Tampa, Fla.,  
May Break Out Again.

Tampa, Fla., Oct. 14.—The labor  
situation, thought to have been prac-  
tically settled early last week, is now  
more serious than for some time.  
United States District Attorney Strip-  
ling is here investigating the recent  
deportation of strike leaders, and this  
fact has emboldened the members of  
Resistencia union who are still out  
and they have been working hard  
among those who have not struck with  
the result that it is believed a great  
many will refuse to return to work.  
They use the argument that the gov-  
ernment, having ordered an investiga-  
tion of the deportations, there would  
be no further similar actions by the  
citizens. Several union leaders who  
have been in hiding since August ap-  
peared during the day on the streets.

## ILLINOIS BANK LOOTED.

Robbers Get Away With Plunder Val-  
ued at \$1,500.

Rantoul, Ills., Oct. 14.—The Bank of  
Maurysville at Potomac, a village 20  
miles east of this city, was entered  
by robbers early in the morning and  
between \$1,200 and \$1,500 in cur-  
rency and silver taken. To get into  
the safe two charges of nitroglycerin  
were used. A young man by the name  
of Moorehouse heard both explosions  
and started to ascertain the cause.  
When he reached a point near the  
bank he was stopped by one of the  
robbers, who was standing guard, and  
held prisoner until the men escaped  
on a handcar.

## DOCTORS ABANDON HOPE.

Ex-Governor John S. Pillsbury is in  
Critical Condition.

Minneapolis, Oct. 14.—Practically  
all hope has been given up for the re-  
covery of ex-Governor John S. Pills-  
bury. He is suffering with Bright's  
disease and during the past week he  
was unconscious the greater portion  
of the time. He was weaker during  
the day than at any time during his  
present illness and it is believed that  
the end is not far away. Mr. Pills-  
bury is 73 years old and has not the  
vitality necessary to fight the dis-  
ease.

## PREPARING FOR TROUBLE.

Turks Would Foment an Arab Upris-  
ing Against the French.

Paris, Oct. 14.—Le Francais pub-  
lishes a dispatch from Suse, Tunis,  
announcing that a Turkish officer was  
recently arrested there on a charge  
of swindling and that an investigation  
disclosed the fact that he had received  
instructions from the Ottoman minis-  
ter of war to organize a rising of the  
Arabs in South Algeria in the event  
of rupture of diplomatic relations be-  
tween France and Turkey resulting in  
a declaration of war. It was conclu-  
sively proved that his presence there  
was due to these instructions. Ac-  
cording to the same advices the in-  
criminated officer is only one of sev-  
eral who were entrusted with the same  
mission.

The French vice consul in Monastir,  
European Turkey, was recently at-  
tacked by Turkish soldiers, according  
to a dispatch from Salonica. His as-  
sailants were arrested and the mili-  
tary commandant apologized for the  
outrage.

## Eighteen Were Injured.

Athlanta, Ga., Oct. 14.—Two cars on  
the Consolidated Street railway were  
in collision at the corner of Fair and  
Washington streets, injuring 18 peo-  
ple. Both cars were crowded and  
were under considerable headway on a  
down grade when they met.

## DEADLY BLACK DAMP

A FATHER AND HIS TWO SONS  
LOSE THEIR LIVES AT CON-  
NELLVILLE, PA.

## IN A DESERTED AIR SHAFT

The Younger Boy Falls Into the Pit  
and His Older Brother and Parent  
Attempt the Rescue—The Whole  
Country-side Gathers Around the  
Place and After Some Hours the  
Bodies Are Rescued.

Connellsville, Pa., Oct. 14.—Three lives went out in a little air shaft only two feet in diameter and twenty feet deep, but filled with deadly black damp, at the mines of the Juniata Coke company near Juniataville. The dead are: John Gilleland, a miner, aged 50 years, and his two sons, James and Winfield, aged 11 and 15, respectively. All three bodies were rescued, but in the effort John Nicholson, mine foreman at Juniataville, and John Baker, a mine fire boss, were seriously overcome by black damp.

Near the home of the Gillelands is a deserted air shaft. The two boys were playing around the shaft, which is boarded up for about two feet from the ground. James climbed to the top, shouting to his brother. Then he leaned over the top of the shaft. A sudden gust of the death fumes struck him and with a scream he fell forward into the pit. His brother rushed to the top of the shaft and started down a rickety ladder that years ago served the miners with means of descent. From the house not many yards away the elder Gilleland saw his boys go down the shaft. Realizing their danger he rushed to the pit, and, regardless of his own safety, hurried down the hole. By this time a number of other inmates of the house hurried to the shaft. They went to the top and peered in, but only faint groans were heard.

About half way down the little shaft the body of the father had lodged. His white face and glassy eyes turned upwards to the light and air told that the gas did its work quickly and well. Like lightning the news of the tragedy spread over the farms of Dunbar and Franklin townships and in a few hours the whole countryside had flocked to the scene of the deaths. The difficult problem of how to descend the death trap to recover the bodies was finally solved by John Nicholson, mine foreman, who rigged up a farmer's fanning mill, used for cleaning wheat, in such a way as to fan pure air into the hole. Nicholson and John Baker, who had for years worked beside Gilleland, were then lowered into the shaft with ropes around their bodies. Gilleland's body was soon hoisted to the top, from where it had lodged, and at the bottom were found the bodies of the two boys entwined in a death embrace. After the dead came the rescuers to the surface and as soon as they reached the pure air the terrible effect of the gas was evident and both fainted. Physicians say the men are in a serious condition. Gilleland leaves a wife and several children.

## LARGE RESERVOIR BURSTS.

Much Damage to Property at East Liverpool, O.

East Liverpool, O., Oct. 14.—A large reservoir, containing 10,000,000 gallons of water, burst during the day and caused great damage. No lives were lost, but a fire operator had a

narrow escape. The money loss will probably reach \$150,000. The reservoir, which is owned by the city and which was only completed a few days ago, was filled during the morning for the first time. It was taxed to its utmost capacity when the break occurred. A gang of laborers were laying pipes in a ditch near the wall which gave way and miraculously escaped death. The basin is located 500 feet above the pumping station on the highest hill in the city. A number of houses are located on the hillside between the reservoir and the city proper. When the wall gave way the water shot down the incline with a mighty roar, the noise made warning the occupants of the endangered houses, who rushed to a place of safety in time to save themselves. A party of children were playing in a road directly in the pathway of the torrent, and though caught by a portion of the rushing water were rescued before drowned. Dozens of large trees were torn from their roots and carried down the hillside with lightning rapidity, being jammed with terrific force against the walls of the Hark Pottery company plant. The main building, with several smaller structures, was badly wrecked. Two large kilns and sheds were dashed to pieces and \$50,000 worth of ware ruined. The tracks of the Cleveland and Pittsburgh railway were covered with thousands of tons of debris and traffic is blocked. The street car line running parallel with the railroad suffered severely and traffic on a half mile of the track has been abandoned. The pumping station was in the direct path of the flood and filled with wreckage, which so damaged the engines that they cannot be used. Several houses were moved from their foundations, outbuildings carried away and a number of cars on a side-track overturned.

## SCHEEPER IS CAPTURED.

Boer Commandant Taken Prisoner by the British.

London, Oct. 14.—Lord Kitchener reports to the war office from Pretoria that General French's columns have captured Commandant Scheeper. Lord Kitchener does not state whether Scheeper's commando, which has been active in Cape Colony, was captured or not. The British have been in pursuit for a couple of weeks. Scheeper himself was so ill that he was obliged to travel in a buggy.

## AVERTED THE DISASTER.

British Torpedo Boat Destroyer Narrowly Escapes Being Lost.

London, Oct. 10.—A singular accident which may possibly throw light on the loss of the torpedo boat destroyer Cobra recently has just occurred to the torpedo boat destroyer Crane. While she was on her way from Portsmouth to Portland the engine hands noticed that her deck beams were buckling amidships. The destroyer immediately returned at full speed to Portsmouth. An examination made of her shows that there was imminent danger of another disaster like the one which befell the Cobra.

## RIOT AT SCRANTON.

Sympathizers With the Street Car Strike Get Disorderly.

Scranton, Pa., Oct. 14.—A riot occurred in connection with the street car strike, but, fortunately, there were no very serious results. A big crowd assembled at the lower end of the South Side line during the afternoon, and began putting obstructions on the track. As cars came along and halted they were greeted with a fusillade of stones. A passenger, Mrs. Samuel Jones, and a motorman employed by the company, were cut by flying glass. The arrival of a squad of police put the mob to flight. The company made no further effort to operate the cars. The strikers have issued a letter to the public appealing to their sympathizers to refrain from attacks of violence and content themselves with keeping off the cars.

## WEEKS IS CRITICIZED

FILIPINOS RESENT MICHIGAN  
CONGRESSMAN'S RECENT  
STATEMENTS.

## ARE UNJUST AND FALSE

Members of the Philippine Commission Characterize Them as "Too Sweeping" and "Based Upon Too Short an Experience"—Insurgent General Malvar Said to Be Preparing for a Guerrilla Campaign.

Manila, Oct. 14.—There is considerable criticism here of the recent statements of Congressman Edgar Weeks of Michigan regarding Filipino character and possibilities. Members of the commission refer to his remarks as "too sweeping" and as "based upon too short an experience. The native press unstintingly condemns the effusions of Mr. Weeks as "unjust and viciously false."

The military authorities have received word that General Miguel Malvar, the insurgent leader, is believed to have left the province of Batangas, Luzon, and to be planning an operation in the province of Balucab, where insurgent conscription has been progressing recently. The country there is mountainous and well adapted to guerrilla warfare.

Captain Pitcher has practically stamped out insurrection in the island of Mindoro.

The police force at Banana, province of Batangas, has been disarmed and the chief of police and several others have been placed under arrest on charges of belonging to an insurgent society and using their offices to obtain information for the insurgents.

Major Braganza, the insurgent officer who ordered the execution of 103 Spanish prisoners and personally supervised the carrying out of the order, has been sentenced to be hanged.

There is intense feeling among the natives in San Fernando, province of Pampanga, over the killing of a native by a soldier. Strong patrols are out in both San Fernando and Bacolor to prevent a hostile demonstration.

## SIGNS OF THE MANCHESTER.

Now Certain the Steamship Was Wrecked on Bikar Island.

Tacoma, Wash., Oct. 14.—The steamship Glenroy brings news from Hong Kong that wreckage has been found on Bikar island, a small uninhabited stool of the Marshall group, which proves that the British ship Manchester came to grief there. The Manchester, Captain F. Clemens, left New York loaded with kerosene shipped by the Standard Oil company just one year ago. Her destination was Yokohama, but the ship has not since been seen, shipping men agreeing that she must have been lost in a typhoon.

Footprints and marks of two boats' keels on the sand, together with other signs, make it certain that Captain Clemens, his wife, two children and crew had been on the island, and, unable to find water, had pushed off again. Plainly marked in the sand were footprints of a woman and children. The body of one sailor was found in a scrubby growth of trees near shore. There were also found bodies of birds which had been sucked for their blood.

As no sign has since been seen of Captain Clemens and his family it is supposed they died of thirst before reaching inhabited islands. The Manchester carried a crew of 25 men, most of them British sailors. The value of the ship and cargo was nearly \$500,000.

## A DANGEROUS PRECEDENT.

Consul General Dickenson Would Not Pay the Ransom.

London, Oct. 14.—The Reuter Telegram company has received the following dispatch from Constantinople: "There have been no further developments in the case of Miss Ellen M. Stone, the abducted American missionary. It is reported that Spencer Eddy (secretary of the United States legation in Constantinople) has received a dispatch from Washington advising him that a sum of money which should suffice for the ransom would be forthcoming." The text of Reuter's advice is ambiguous.

The Daily Telegraph has the following dispatch from Sofia: "United States Consul General Dickenson has received no instructions to pay the ransom. He is afraid a dangerous precedent would be created by payment. He is fully convinced that the brigands were merely instruments acting under the instigation of late members of the Macedonian committee. He has made strong representations to the Bulgarian government asking the arrest of these instigators. Should this be done, he says, Miss Stone would doubtless be released on payment of a moderate indemnity and good assurance of freedom for her captors. Some Macedonians have already been arrested here."

## YOUTHFUL POACHERS SHOT.

Leadville, Colo., Excited Over a Tragedy Enacted Near There.

Leadville, Colo., Oct. 14.—The town is wild with excitement over the killing of one boy and the fatally wounding of two others by Jesse Sherman, a prominent ranchman living near Leadville. Sherman caught the boys supposedly poaching upon his rabbit preserve and started after them with a shotgun. Ed Dorrington, 16 years of age, was shot and killed instantly; Earl King, 17, was fatally wounded, and James Considine, 14, was shot through the back and hips. Sherman then took the three boys to town and gave himself up. He asserts the gun was accidentally discharged while he was running. He was arrested on the charge of murder.

ONLY ONE IS GUILTY.  
Two Men Give Themselves Up for Killing a Negro.  
Lexington, Ky., Oct. 14.—Two men, John T. Doyle and Martin Clark, both white, are in jail here charged with killing a negro named Henry Campbell. Each surrendered, believing that he fired the fatal shot. After being ejected from a saloon in which both white men were clerking, Campbell went home, secured a rifle, and, returning, opened fire from the doorway. Clark secured a pistol and Doyle a Winchester and each shot once. The negro fell dead, a bullet having passed through his body. The bullet could not be found and the coroner could not place the responsibility.

## POPE LEO'S JUBILEE.

Attains the Twenty-fifth Year of His Pontificate in February.

Washington, Oct. 14.—In well informed Catholic circles here it is believed that the next consistory of the Catholic church at Rome will be held in February, when Pope Leo XIII attains the 25th year of his pontificate. While there have been no definite advances to this effect it is thought likely that this assembly will open the jubilee to signalize the closing of the quarter century of Pope Leo's regime, and that he will take advantage of it to deliver an allocution, taking a strong position on the question of assassination, among other things.

## IS FEELING STRONGER.

Marquis Ito and Party Leave Chicago for the East.

Chicago, Oct. 14.—Marquis Ito and party, who have been sightseeing in Chicago for the past four days, left during the evening for New York. From New York the party will proceed to Washington. While in the capital the marquis will call on President Roosevelt. Marquis Ito has been in poor health for some time, but just before leaving he said he was feeling stronger than when he started on his long journey from Japan.

## Anarchists After Brazil's President.

Paris, Oct. 14.—The Lisbon correspondent of La Patrie says that a telegram has been received at the Portuguese capital from Rio de Janeiro asserting that two Italians were arrested Friday evening last in the corridor of the presidential palace by an officer of the guard. Both were armed with revolvers and daggers. In Rio Janeiro it is believed that they are anarchists and intended to assassinate President Campos Sales.

## Soft Coal Trust Getting in Shape.

Columbus, O., Oct. 14.—The Ohio State Journal says: The combination of the bituminous coal interests of the interstate field is rapidly becoming consummated. Already Indiana and Illinois have entered it and the mines of Ohio are rapidly being optioned by the men who are promoting the new trust. The latest Ohio field in which options have been secured is that of Jackson and Wellston, one of the largest in the state.

## Crowd Cheers for Don Carlos.

Gijon, Spain, Oct. 14.—While a procession was issuing from the Church of St. Pierre it was hooted by the crowd looking on. The gendarmes charged the crowd, which responded by throwing stones. Several persons were injured in the melee and Senor Dubizarretta, who was carrying a revolver, was arrested. He is a well known Carlist deputy and the crowd shouted "Viva Carlos."

## Killed Many Wild Horses.

Denver, Oct. 14.—A special to The Republican from Albuquerque, N. M., says: Ranchers living west of this city engaged in a hunt for wild horses that have lived on the ranges near here for several years past. About 75 horses were killed and many driven over the edge of a deep canon. Forty-eight were killed outright and 22 maimed and killed afterwards.

## Football Player Dies From Injuries.

Philadelphia, Oct. 14.—Edwin Longenecker, aged 21 years, quarterback on the football team of the Brown preparatory school, this city, died in hospital here as a result of injuries received in a game last Tuesday. Longenecker was heavily thrown and fractured his spinal column.

## DURBIN WILL INVESTIGATE.

Wishes to Learn the Kentucky System of Declaring Juries.

Louisville, Oct. 14.—The Courier-Journal says that before Governor Durbin of Indiana decides whether to honor requisitions for W. S. Taylor and Charles Finley he will send a representative to Kentucky to investigate the Kentucky system of declaring a jury. It is said Governor Durbin has in his possession a document purporting to review the history of the jury impaneling in the cases growing out of the assassination of Governor Goebel. The duty of Governor Durbin's representative will be to verify this alleged history. It is said Deputy Attorney General Merrill Moore of Indiana will represent the governor in this matter.

## TO GIVE HIMSELF UP

PAT CROWE OFFERS TO SURRENDER TO OMAHA CHIEF OF POLICE.

## CERTAIN TERMS IMPOSED

Must Not Be Locked Up Until the Jury Finds Him Guilty—Is Unable to Furnish Bail in Excess of \$500. Alleged Kidnapper's Uncle Also Writes Offering Authorities the Same Conditions.

Omaha, Oct. 14.—Chief of Police John J. Donahue has received a letter from Pat Crowe naming the terms on which he will surrender. The letter covers 15 closely written pages of manuscript. The postmark is illegible, but the letter was mailed at 8 o'clock in the morning and reached this city at 8 in the evening of the same day, indicating that it had not traveled a long distance. In the letter Crowe agrees to give himself up at once and stand trial for the kidnapping of Eddie Cudaby providing he is not locked up until a jury shall adjudge him guilty. He says he is unable to furnish bond in excess of \$500 and demands that bail be fixed in that sum. Chief Donahue, when asked his opinion of the genuineness of the letter, expressed himself as quite satisfied that it came from Crowe. Donahue has known Crowe for several years, is acquainted with his manner, handwriting and style of speech.

The chief also received a letter from Crowe's uncle at Manchester, Ia., submitting similar terms for Crowe's surrender, which leads the police to believe they are dealing with the right man.

Mr. Edward A. Cudaby was asked what action he would take with relation to the suggestion of Pat Crowe that the bonds for his appearance pending his preliminary hearing and trial be fixed at a sum not to exceed \$500 and said:

"That is a matter over which I certainly have no jurisdiction, and, therefore, cannot enter into any agreement to have the amount fixed at any limit even to accommodate Mr. Patrick Crowe. That is for the courts to decide. I am opposed to entering into any special negotiations for the return of Crowe. It is only a matter of time when he will be apprehended. However, I will withdraw the reward offered for his arrest and conviction."

## IS A TOTAL LOSS.

Steamer Hating Goes Ashore at Eureka Bay, Jarvis Island.

Vancouver, B. C., Oct. 14.—In a dense fog the Canadian Pacific steamer Hating, from Skaguay to Vancouver, went ashore at Eureka Bay, Jarvis island, and is now hard and fast on the rocks. The place is a small rocky inlet lying to the northeast of Laquetit island, at the entrance to Saline strait, 49 miles north of Vancouver. When the steamer went ashore Captain Gosse was on watch and First Officer Neurotos was on the bridge with the master of the vessel. The fog at the time was so dense that it was impossible to see 10 feet in any direction. The Hating had on board 170 passengers, of whom 130 were first class and 40 second cabin. It is reported that a big hole has been discovered in the steamer's bottom. It is stated that at high tide the stern is under seven feet of water. The passengers have all been landed on adjacent islands. The vessel will be a total loss.

passengers have all been landed on adjacent islands. The vessel will be a total loss.

## MATTERS AGAIN SERIOUS.

Cigarmakers' Strike at Tampa, Fla., May Break Out Again.

Tampa, Fla., Oct. 14.—The labor situation, thought to have been practically settled early last week, is now more serious than for some time. United States District Attorney Stripling is here investigating the recent deportation of strike leaders, and this fact has emboldened the members of Resistencia union who are still out and they have been working hard among those who have not struck with the result that it is believed a great many will refuse to return to work. They use the argument that the government, having ordered an investigation of the deportations, there would be no further similar actions by the citizens. Several union leaders who have been in hiding since August appeared during the day on the streets.

## ILLINOIS BANK LOOTED.

Robbers Get Away With Plunder Valued at \$1,500.

Rantoul, Ill., Oct. 14.—The Bank of Maurysville at Potomac, a village 20 miles east of this city, was entered by robbers early in the morning and between \$1,200 and \$1,500 in currency and silver taken. To get into the safe two charges of nitroglycerin were used. A young man by the name of Moorehouse heard both explosions and started to ascertain the cause. When he reached a point near the bank he was stopped by one of the robbers, who was standing guard, and held prisoner until the men escaped on a handcar.

## DOCTORS ABANDON HOPE.

Ex-Governor John S. Pillsbury Is in Critical Condition.

Minneapolis, Oct. 14.—Practically all hope has been given up for the recovery of ex-Governor John S. Pillsbury. He is suffering with Bright's disease and during the past week he was unconscious the greater portion of the time. He was weaker during the day than at any time during his present illness and it is believed that the end is not far away. Mr. Pillsbury is 73 years old and has not the vitality necessary to fight the disease.

## PREPARING FOR TROUBLE.

Turks Would Foment an Arab Uprising Against the French.

Paris, Oct. 14.—Le Francais publishes a dispatch from Suse, Tunis, announcing that a Turkish officer was recently arrested there on a charge of swindling and that an investigation disclosed the fact that he had received instructions from the Ottoman minister of war to organize a rising of the Arabs in South Algeria in the event of rupture of diplomatic relations between France and Turkey resulting in a declaration of war. It was conclusively proved that his presence there was due to these instructions. According to the same advice the incriminated officer is only one of several who were entrusted with the same mission.

The French vice consul in Monastir, European Turkey, was recently attacked by Turkish soldiers, according to a dispatch from Salonica. His assailants were arrested and the military commandant apologized for the outrage.

## Eighteen Were Injured.

Atlanta, Ga., Oct. 14.—Two cars on the Consolidated Street railway were in collision at the corner of Fair and Washington streets, injuring 18 people. Both cars were crowded and were under considerable headway on a down grade when they met.

The parishioners and friends of Rev. Allen Clark, of the People's church, gave him a pleasant surprise on Friday evening last, same being his sixty-first birthday anniversary. The house was quite overflowed by the goodly company. An elegant collation provided by those present was served, after which a beautiful patent rocker was presented to the pastor accompanied by the reading of an address of congratulation and friendship, couched in appropriate verses prepared for the occasion. There was much good feeling manifested and joke and song occupied the rest of the evening.

## ACCIDENTLY SHOT.

At Norton, a Laborer Brought to this City this Morning from Boy River Country.

At Norton, a laborer, who has been in the employ of William Rogers in the Boy River country was brought in from the north this morning and taken to the St. Joseph's hospital, and he is a rather serious condition.

Last Friday night he and another man working for Rogers went out to look for some ponies that were lost. Norton's partner carried a rifle with him and somehow as they were riding along the road the gun was accidentally discharged. The bullet penetrated Norton's left leg just below the thigh and passed almost through, lodging just within the skin on the other side. It cannot be definitely determined whether any of the bones were shattered or not, but it is thought that they were, and that an amputation will be necessary.

## Will Run a Saw Mill.

T. H. Maloney, of Cloquet, has secured a sawmill out in Gnesen township, 14 miles from Duluth and will operate it this winter, but, it is said, with indifferent success. It has a capacity of 25,000 feet of lumber a day and 10,000 lath. Mr. Maloney has just closed a deal for additional pine to the value of \$40,000, and will do some logging in connection with sawing. The sawmill and the log operations will employ 40 men this winter. Many of the settlers out that way most likely will find it to their advantage to take employment in the mill and logging camps. It is not yet certain how the product of the mill will be marketed. If a wagon haul to Duluth is too costly it is likely that the Brooks-Scanlon logging road to Cloquet can be used. The line as surveyed, passes within a couple of miles of the mill.

## AGED FARMER'S SUDDEN DEATH

He Falls From His Wagon When Within a Short Distance of His Home.

AFFECTED WITH WEAK HEART.

He Had Been a Resident of the County but a Short Time.

Fredrick Deeg a man sixty-six years of age, who has been a resident of Crow Wing county but a short time while driving to his home in the vicinity of Daggett Brook from Brainerd, dropped dead Saturday night.

He and one of his sons had been to Brainerd and were on their way home the old gentleman driving one team which took the lead and the young man following a short distance behind with another team. They were within a few miles of their home when the sudden ending of the old gentleman's life occurred.

He was heard to give no outcry and the first intimation that the young man received that his father was dead was the fact that the horses stopped, the lifeless form having fallen to the ground at the same time clutching the reins.

The young man was horror stricken and ran to the nearest residence, that of William Tudor. The remains of the old man were taken to Mr. Tudor's and the other members of the family were summoned. Dr. Reimstad was notified and an inquest will probably be held in this city tomorrow, although it is not deemed that it will be necessary as the old gentleman has been afflicted for some time with heart trouble.

The family came to Crow Wing county last spring and settled on a farm near Daggett Brook.

BUILDING COMMITTEE.

## PROPOSITION IS ACCEPTED.

Little Falls Passed Two Ordinances Asked by Eastern Capitalists Interested in Electric Lines.

The city council, of Little Falls, unanimously passed the two ordinances asked for by the eastern promoters of the electric line proposition. The council had invited a mass meeting of citizens to meet it and to offer suggestions and objections to the granting of the franchises asked for. The response was general and practically everybody present was enthusiastically in favor of the proposed improvements. The only aldermanic opposition came from Alderman John Vertin who wanted a postponement until an outside lawyer could be employed to look into the legal phases of the case. He was met with jeers by the spectators however and when it came to a vote he was found voting affirmatively with the other aldermen. It is said that the three men asking for the municipal franchise are representatives of unlimited capital and that they will carry out their part of the contract to the letter. An electric railroad with added manufacturing establishments are promised as a result of the council's action.

## Raise Sugar Beets.

J. H. Worst, president of the North Dakota agricultural college at Fargo, and Professor Ladd, who is in charge of the government experiment station at that place, stopped in Minneapolis recently on their way back to Fargo from a trip to Michigan, where they inspected the beet sugar industry of that state.

They say that experiments have shown that a good quality of sugar beet can be raised in North Dakota, especially in the southern counties, which will give as much sugar as the beets of Michigan, and that the soil will produce more to the acre. Prof. Worst thinks the industry can be made a profitable one to the factory owners and farmers of North Dakota.

This morning a party of experienced and old time nimrods, who always get something when they go out, returned to the city having bagged about 100 nice juicy ducks. They were at A. F. Ferris' club house near Backus and hunted in that vicinity for two days. The party was composed of A. F. Ferris, Jeff Saunders, R. D. Holden, Dan McIntosh and William Bredfield.

The parishioners and friends of Rev. Allen Clark, of the People's church, gave him a pleasant surprise on Friday evening last, same being his sixty-first birthday anniversary. The house was quite overflowed by the goodly company. An elegant collation provided by those present was served, after which a beautiful patent rocker was presented to the pastor accompanied by the reading of an address of congratulation and friendship, couched in appropriate verses prepared for the occasion. There was much good feeling manifested and joke and song occupied the rest of the evening.

## ACCIDENTLY SHOT.

Al Norton, a Laborer Brought to this City this Morning from Boy River Country.

Al Norton, a laborer, who has been in the employ of William Rogers in the Boy River country was brought in from the north this morning and taken to the St. Joseph's hospital, and he is a rather serious condition.

Last Friday night he and another man working for Rogers went out to look for some ponies that were lost. Norton's partner carried a rifle with him and somehow as they were riding along the road the gun was accidentally discharged. The bullet penetrated Norton's left leg just below the thigh and passed almost through, lodging just within the skin on the other side. It cannot be definitely determined whether any of the bones were shattered or not, but it is thought that they were, and that an amputation will be necessary.

## Will Run a Saw Mill.

T. H. Maloney, of Cloquet, has secured a sawmill out in Gnesen township, 14 miles from Duluth and will operate it this winter, but, it is said, with indifferent success. It has a capacity of 25,000 feet of lumber a day and 10,000 lath. Mr. Maloney has just closed a deal for additional pine to the value of \$40,000, and will do some logging in connection with sawing. The sawmill and the log operations will employ 40 men this winter. Many of the settlers out that way most likely will find it to their advantage to take employment in the mill and logging camps. It is not yet certain how the product of the mill will be marketed. If a wagon haul to Duluth is too costly it is likely that the Brooks-Scanlon logging road to Cloquet can be used. The line as surveyed, passes within a couple of miles of the mill.

## SUDDEN DEATH

He Falls From His Wagon When Within a Short Distance of His Home.

## AFFECTED WITH WEAK HEART.

He Had Been a Resident of the County but a Short Time.

Fredrick Deeg a man sixty-six years of age, who has been a resident of Crow Wing county but a short time while driving to his home in the vicinity of Daggett Brook from Brainerd, dropped dead Saturday night.

He and one of his sons had been to Brainerd and were on their way home the old gentleman driving one team which took the lead and the young man following a short distance behind with another team. They were within a few miles of their home when the sudden ending of the old gentleman's life occurred.

He was heard to give no outcry and the first intimation that the young man received that his father was dead was the fact that the horses stopped, the lifeless form having fallen to the ground at the same time clutching the reins.

The young man was horror stricken and ran to the nearest residence, that of William Tudor. The remains of the old man were taken to Mr. Tudor's and the other members of the family were summoned. Dr. Reimstad was notified and an inquest will probably be held in this city tomorrow, although it is not deemed that it will be necessary as the old gentleman has been afflicted for some time with heart trouble.

The family came to Crow Wing county last spring and settled on a farm near Daggett Brook.

## APPOINTMENTS ARE MADE PUBLIC.

John Thompson, James Nolan and  
Albert R. Cass Success-  
ful Applicants.

## THEY WILL CARRY THE MAIL.

Carl P. Brockway Appointed Sub-  
stitute--System of Free  
Delivery Nov. 1.

Postmaster N. H. Ingersoll this  
afternoon received notification from  
Washington of the appointment of  
three of the young men to the po-  
sition of mail carriers, and one young  
man to the position of substitute,  
they having been selected out of the  
sixteen who took the civil service ex-  
amination in this city sometime ago,  
preparatory to the inauguration of a  
free delivery system on November 1.

The names of the three successful  
carriers are: John Thompson, James  
Nolan and Albert R. Cass. The  
name of the substitute is Carl  
Brockway.

Considerable interest has centered  
about the appointment of the car-  
riers as there were many applicants  
for the position, most of the young  
men being well known and promi-  
nently connected in the city. The  
standings of neither of the successful  
appointees or those who took the ex-  
aminations are given in the notifi-  
cation to Postmaster Ingersoll.

The young men who received the  
appointments are well and favor-  
ably known in the city and their in-  
numerable friends will join with the  
DISPATCH in extending congratula-  
tions.

Now that the appointments have  
been made other details necessary to  
the establishment of the system in  
this city will be arranged for and it  
is hoped that everything will be in  
readiness by November 1.

Each mail carrier is required to  
give a bond in the sum of \$1,000, all  
other requirements for the positions  
having been passed upon by the de-  
partment.

## BRAFORD EXONERATED.

No Indictment Returned against Him By  
the Grand Jury at Princeton--Be-  
lieved to be Spite Work

The grand jury failed to return an  
indictment against Chas. B. Bradford,  
who was arrested some months ago  
and held to the grand jury on the  
charge of selling mortgaged prop-  
erty.

It seems that Bradford sold a team  
of horses which were mortgaged  
but got a mortgage from the man to  
whom the horses were sold and  
turned the same over to E. Marks, to  
whom he had given the first mort-  
gage and took a receipt for the same.  
He found the receipt after the first  
hearing.

Mr. Bradford claims it was all spite  
work and that he was not guilty of  
any offense from the start.

## MIXUP AT THE SHOPS.

Two Men Fired for What they Deem a  
Trivial Matter--Working Man  
Horribly Drubbed.

There was a bad mixup at the  
Northern Pacific shops Saturday  
evening which finally resulted in A.  
E. Gustafson, who works in the  
machine shop, being badly beaten up  
at the hands of a fellow workman,  
who it is claimed felt aggrieved over  
statements which had been made by  
Gustafson reflecting on his reputa-  
tion among the other men in the  
shop.

The story goes that two of the  
machinists in the shops by the name  
of Ed. Johnson and R. Letterer  
played a practical joke on Gustafson  
by tying the sleeves of his jacket  
and the legs of his overalls in knots.  
When Gustafson started to work,  
finding what had been done, he re-  
fused to budge, but stood at his post  
with his arms folded. When Fore-  
man Lyddon happened by and asked  
him what was the matter he went on  
to tell him that Johnson and his  
partner had tied up his clothes be-  
cause he was not a union man. It  
is claimed by Johnson that Gustaf-  
son made other statements derog-  
atory to his reputation as a workman.  
Foreman Lyddon reported the  
matter to Master Mechanic Bean  
and the two men who had played a  
joke on Gustafson received letters  
about five o'clock stating that their  
services were no longer required, etc.

Johnson was at his lathe at the  
time he received the letter and after  
he had read it he coolly took off his  
coat, rolled up his sleeves and walk-  
ed over to where Gustafson was,  
and started in to pound him right  
and left. Before the two men could  
be separated Gustafson had been ad-  
ministered a terrible drubbing, so  
bad in fact, that it was necessary to  
carry him from the building to his  
home.

Later a warrant was issued for  
Johnson's arrest on the charge of  
assault. He was released on bonds  
and the hearing was set for this  
afternoon at 2 o'clock.

Ed Johnson has many friends in  
the shops and it is understood that  
many of them are not pleased with  
Foreman Lyddon's action in firing  
the two men without giving them a  
hearing on that matter. Mr. John-  
son this morning stated that nothing  
had ever been said at the shops re-  
garding union labor or anything  
else. He says it was a joke all  
around and that it is a practice the  
world over. Someone tied his over-  
alls up a day or two ago and he says  
he had reasons to believe that Gus-  
tofson was the one who did it. He  
merely wanted to get back at him in  
a pleasant way and meant no offence.  
He says that there is hardly a man  
in the shops but would have done the  
same thing that he did, and he is  
sure that he has been greatly wronged,  
as there was no provocation for the  
very prompt action on the part of  
the foreman.

The case against Mr. Johnson was  
called this afternoon but was con-  
tinued until Wednesday morning.

## SYLVAN LAKE BRIDGE COMPLETED

Committee of Citizen's Inspect the  
Same and Declare It Per-  
fectly Safe.

## AN ADVANTAGE FOR BRAINERD

Nearly all the Money Required was  
Raised by Popular Sub-  
scription.

The new bridge across the Crow  
Wing river about a mile south of  
Sylvan Lake station has been com-  
pleted and the same has been accept-  
ed by the committee of gentlemen  
from this city who have had the mat-  
ter in charge.

This bridge was built largely on  
popular subscription. There has  
been a growing demand for this im-  
provement but the officials of the  
different counties were at a loss to  
know just how to get at the matter  
on account of its peculiar position,  
and of course there was a tendency  
on the part of the boards of Mor-  
rison and Cass not to do anything in  
the matter as it would only be a ben-  
efit to Brainerd.

Last spring a meeting of the citi-  
zens of Brainerd was held and a  
committee consisting of Dr. Camp,  
Con O'Brien and J. M. Elder was  
appointed to raise the funds neces-  
sary and to locate and build the  
bridge. Neither Morrison or Cass  
counties would build the bridge, and  
it being on the line between these  
two counties, Crow Wing county  
could not very well go ahead and  
build unless by popular subscription.

The above committee at once went  
to work on the matter and Morrison  
county gave \$500 and the residents  
about Sylvan Lake agreed to give  
\$500. This left \$1500 to be raised  
by subscription, as it was estimated  
the bridge would cost in the neigh-  
borhood of \$2500.

The gentlemen raised the money,  
located the bridge and shortly after-  
ward let the contract to the L. E.  
Johnson bridge Co., of Minneapolis.

The bridge has now been com-  
pleted and it is said it is one of the  
best in these parts. The committee  
went out and inspected the bridge  
Saturday and found it to be satis-  
factory in every respect and opened  
it up for traffic.

Brainerd will be benefited greatly  
by the opening up of this bridge.  
It connects the city with a fertile  
and well developed country, and  
though not in Crow Wing, it is in  
closer proximity to Brainerd than any  
other market. It lies in the north-  
western part of Morrison county and  
is what is known as the Rail Prairie  
country extending way down to  
Alexandria Lake.

The bridge is a combination iron  
and wood structure, 250 feet long,  
with one span 140 feet. The com-  
mittee is very well satisfied with the  
bridge and the work. It has been  
opened up to travel and it is hoped  
will benefit Brainerd materially as  
well as being a great convenience for  
the farmers living in the Rail Prairie  
country.

Chicago, Milwaukee & St. Paul Ry.

Beginning Tuesday, Oct. 15th.,  
and every Tuesday thereafter dur-  
ing the season, a high class Pullman  
tourist sleeping car will leave St.  
Paul and Minneapolis, running  
through to Los Angeles without  
change, arriving at Los Angeles,  
Saturday morning, four days.

The line is via the celebrated C.  
M. & St. P., "Hedrick Route" to  
Kansas City, thence over the A. T.  
& S. F., making the most popular  
and interesting route to the South  
Pacific Coast.

This service includes the "person-  
ally conducted" feature west of the  
Missouri River—a special conductor  
accompanies each car whose duty it  
is to carefully look after the wants  
of each individual passenger.

Write for the cheapest rates and  
for copy of the "Sunshine" folder,  
containing full particulars of this  
famous route.

## HOYT TAKEN TO ST. CLOUD.

Well Known Young Man Passes Through  
The City In Charge of Sheriff Sar-  
gent of St. Louis County.

H. H. Hoyt, who will be remem-  
bered in this city as a representa-  
tive of the American Wringer Co.,  
passed through the city this noon in  
charge of Sheriff W. C. Sargent, of  
Duluth. Hoyt is well known in this  
city and had many friends here at  
one time.

Some months ago he was arrested  
on complaint of the American  
Wringer Co., charging him with the  
embezzlement of \$190. He was tried  
at Duluth, the crime having been  
committed in St. Louis county,  
was found guilty and was given a  
reformatory sentence.

It is claimed that Hoyt's downfall  
resulted from his desire to travel  
among those who financially were  
superior to him. He lived away  
ahead of his means and in this way  
got his own coin mixed in with the  
company's.

## Telephone Extension.

A. B. Kerlin, president of the Iron  
Range Electric Telephone company,  
spent a day in Cass Lake. He says  
his company has secured the privi-  
lege of erecting poles and operating  
a telephone on the Indian reserva-  
tion, and that the work of putting in  
the poles and stringing the wires  
from Ferris, at the westerly edge of  
the reservation, four miles from  
Cass Lake, to Cloquet, will be com-  
menced at once. The line is prac-  
tically completed from Ferris west  
and from Bemidji south to Akeley,  
where it connects with the old origi-  
nal Park Rapids line, built three  
years ago by Mr. Kerlin, he being  
the pioneer telephone builder of  
Minnesota. The line to the east from  
Cass Lake will connect at Cloquet  
with the Duluth line, giving con-  
nection with the zenith city and the  
iron range. It is expected the local  
exchange will be in operation within  
the next sixty days.

## CURBSTONE CHAT.

Secretary Wilhelm: We will have  
some good meetings over which Jim  
Burwick will preside in the near  
future and we are looking forward  
to a season of blessing.

Rev. M. L. Hutton: There will  
be no prayer meeting at the Congre-  
gational church this week on ac-  
count of the repairs being made on  
the interior of the edifice.

P. M. Zakariassen: Every mem-  
ber of the Independent Scandinavian  
Workmen's Society should be in  
attendance at the meeting in Odd  
Fellows hall on Tuesday evening.

Chief A. H. Bennett: We are  
busy today flushing, packing and  
locking the water hydrants for the  
winter. I would recommend that the  
city council proceed at once to bank  
every hydrant in the city.

J. M. Elder: The road to Brainerd  
through the Rail Prairie coun-  
try is a good one and even those  
who live somewhat nearer to Little  
Falls than Brainerd will come here  
for their market. The hills between  
Rail Prairie and Little Falls are a  
detriment in this regard to that city.

Do you want a trunk? Call on D.  
M. Clark & Co.

A boon to travelers. Dr. Fowler's  
Extract of Wild Strawberry. Cures  
dysentery, diarrhoea, seasickness,  
nausea. Pleasant to take. Acts  
promptly.

## Notice.

I beg to announce that I will be in  
Brainerd Oct. 17th 18th and 19th.,  
and will deliver all fur work en-  
trusted to me for repairs, alterations  
etc. Also all the new orders in furs  
taken by me. I will display samples  
of all kinds of fur skins, including  
Otters, Seals, Persian Lambs, Krim-  
mers, Astrachans, Electric Seals,  
Near Seals, etc., and will take or-  
ders for ladies and gents fur gar-  
ments of every description and  
style. Will also show the latest  
styles in ladies' fur creations. You  
can bring in your repair work alter-  
ations, etc., and we will do it for you  
at very reasonable prices, all work  
guaranteed to be satisfactory. I  
will be found at the Antlers Hotel  
during my stay in Brainerd.

## APPOINTMENTS ARE MADE PUBLIC.

John Thompson, James Nolan and  
Albert R. Cass Success-  
ful Applicants.

## THEY WILL CARRY THE MAIL.

Carl P. Brockway Appointed Sub-  
stitute--System of Free  
Delivery Nov. 1.

Postmaster N. H. Ingersoll this afternoon received notification from Washington of the appointment of three of the young men to the position of mail carriers, and one young man to the position of substitute, they having been selected out of the sixteen who took the civil service examination in this city sometime ago, preparatory to the inauguration of a free delivery system on November 1.

The names of the three successful carriers are: John Thompson, James Nolan and Albert R. Cass. The name of the substitute is Carl Brockway.

Considerable interest has centered about the appointment of the carriers as there were many applicants for the position, most of the young men being well known and prominently connected in the city. The standings of neither of the successful appointees or those who took the examinations are given in the notification to Postmaster Ingersoll.

The young men who received the appointments are well and favorably known in the city and their innumerable friends will join with the DISPATCH in extending congratulations.

Now that the appointments have been made other details necessary to the establishment of the system in this city will be arranged for and it is hoped that everything will be in readiness by November 1.

Each mail carrier is required to give a bond in the sum of \$1,000, all other requirements for the positions having been passed upon by the department.

## BRAFORD EXONERATED.

No Indictment Returned against Him By  
the Grand Jury at Princeton--Be-  
lieved to be Spite Work

The grand jury failed to return an indictment against Chas. B. Bradford, who was arrested some months ago and held to the grand jury on the charge of selling mortgaged property.

It seems that Bradford sold a team of horses which were mortgaged but got a mortgage from the man to whom the horses were sold and turned the same over to E. Marks, to whom he had given the first mortgage and took a receipt for the same. He found the receipt after the first hearing.

Mr. Bradford claims it was all spite work--and that he was not guilty of any offense from the start.

## MIXUP AT THE SHOPS.

Two Men Fired for What they Deem a  
Trivial Matter--Working Man  
Horribly Drubbed.

There was a bad mixup at the Northern Pacific shops Saturday evening which finally resulted in A. E. Gustafson, who works in the machine shop, being badly beaten up at the hands of a fellow workman, who it is claimed felt aggrieved over statements which had been made by Gustafson reflecting on his reputation among the other men in the shop.

The story goes that two of the machinists in the shops by the name of Ed. Johnson and R. Letterer played a practical joke on Gustafson by tying the sleeves of his jacket and the legs of his overalls in knots. When Gustafson started to work, finding what had been done, he refused to budge, but stood at his post with his arms folded. When Foreman Lyddon happened by and asked him what was the matter he went on to tell him that Johnson and his partner had tied up his clothes because he was not a union man. It is claimed by Johnson that Gustafson made other statements derogatory to his reputation as a workman. Foreman Lyddon reported the matter to Master Mechanic Bean and the two men who had played a joke on Gustafson received letters about five o'clock stating that their services were no longer required, etc.

Johnson was at his lathe at the time he received the letter and after he had read it he coolly took off his coat, rolled up his sleeves and walked over to where Gustafson was, and started in to pound him right and left. Before the two men could be separated Gustafson had been administered a terrible drubbing, so bad in fact, that it was necessary to carry him from the building to his home.

Later a warrant was issued for Johnson's arrest on the charge of assault. He was released on bonds and the hearing was set for this afternoon at 2 o'clock.

Ed Johnson has many friends in the shops and it is understood that many of them are not pleased with Foreman Lyddon's action in firing the two men without giving them a hearing on that matter. Mr. Johnson this morning stated that nothing had ever been said at the shops regarding union labor or anything else. He says it was a joke all around and that it is a practice the world over. Someone tied his overalls up a day or two ago and he says he had reasons to believe that Gustafson was the one who did it. He merely wanted to get back at him in a pleasant way and meant no offense. He says that there is hardly a man in the shops but would have done the same thing that he did, and he is sure that he has been greatly wronged, as there was no provocation for the very prompt action on the part of the foreman.

The case against Mr. Johnson was called this afternoon but was continued until Wednesday morning.

## SYLVAN LAKE BRIDGE COMPLETED

Committee of Citizen's Inspect the  
Same and Declare It Per-  
fectly Safe.

## AN ADVANTAGE FOR BRAINERD

Nearly all the Money Required was  
Raised by Popular Sub-  
scription.

The new bridge across the Crow Wing river about a mile south of Sylvan Lake station has been completed and the same has been accepted by the committee of gentlemen from this city who have had the matter in charge.

This bridge was built largely on popular subscription. There has been a growing demand for this improvement but the officials of the different counties were at a loss to know just how to get at the matter on account of its peculiar position, and of course there was a tendency on the part of the boards of Morrison and Cass not to do anything in the matter as it would only be a benefit to Brainerd.

Last spring a meeting of the citizens of Brainerd was held and a committee consisting of Dr. Camp, Con O'Brien and J. M. Elder was appointed to raise the funds necessary and to locate and build the bridge. Neither Morrison or Cass counties would build the bridge, and it being on the line between these two counties, Crow Wing county could not very well go ahead and build unless by popular subscription.

The above committee at once went to work on the matter and Morrison county gave \$500 and the residents about Sylvan Lake agreed to give \$500. This left \$1500 to be raised by subscription, as it was estimated the bridge would cost in the neighborhood of \$2500.

The gentlemen raised the money, located the bridge and shortly afterward let the contract to the L. E. Johnson bridge Co., of Minneapolis. The bridge has now been completed and it is said it is one of the best in these parts. The committee went out and inspected the bridge Saturday and found it to be satisfactory in every respect and opened it up for traffic.

Brainerd will be benefited greatly by the opening up of this bridge. It connects the city with a fertile and well developed country, and though not in Crow Wing, it is in closer proximity to Brainerd than any other market. It lies in the northwestern part of Morrison county and is what is known as the Rail Prairie country extending way down to Alexandria Lake.

The bridge is a combination iron and wood structure, 250 feet long, with one span 140 feet. The committee is very well satisfied with the bridge and the work. It has been opened up to travel and it is hoped will benefit Brainerd materially as well as being a great convenience for the farmers living in the Rail Prairie country.

# THE SCHLEY INQUIRY.

Captain Chadwick and Lieutenant Commander Staunton Testify.

Washington, Oct. 14.—Captain F. E. Chadwick continued his testimony before the Schley court of inquiry. He was cross examined by Mr. Rayner. The witness said he had the blockade of Cienfuegos partially in mind when he protested against the congratulatory message to Schley. On redirect examination he stated that the message of congratulation had been based on the capture of a collier with coal for the Spanish fleet, which capture had been made by Captain Sigsbee.

Lieutenant Commander Staunton was called and related the particulars of his securing information of the presence of the Spanish fleet at Santiago. He had received the information on the morning of May 20 from Captain Allen at Key West. Later the witness returned to Key West and received confirmatory information. The next morning the fleet started to blockade Havana and the admiral forwarded his dispatches to Commodore Schley by the Hawk. The next dispatch containing positive orders to sail for Havana was sent to Commodore Schley May 27. In a discussion between the attorneys the fact developed that the commodore did not get the dispatch until June 10.

After Lieutenant Commander Staunton finished his testimony a lively tilt occurred between the judge advocate and Mr. Rayner. While the latter was reading a paper to the court the former accused him of reading what was not on the paper. To this Mr. Rayner replied: "If he states that outside the court I will say it is false."

Lieutenant Nathan C. Twining was then called. His testimony covered points already brought out as to the siege of Cienfuegos and the bombardment of the Cristobal Colon in the harbor at Santiago on May 31. When Lieutenant Twining had concluded and the court was about to adjourn Mr. Rayner rose and called the court's attention to the judge advocate's objectionable language, and Captain Lemly explained and Admiral Dewey then declared the court adjourned.

# SUICIDE AT LINCOLN.

Prominent Nebraska Banker Ends Life by Hanging Himself.

Lincoln, Neb., Oct. 14.—Oliver C. Sands, 50 years old, committed suicide at his home at University place by hanging. Following an inquest it was learned that Mr. Sands left a letter intimating that he had recently lost a fortune by being induced to make investments in what the letter declares proved to be swindles. For years Mr. Sands has been engaged in the banking business in Missouri and Nebraska, being until recently cashier of the bank at University place. Loss of his means, coupled with ill health, is supposed to have prompted the act.

# LANSING WARREN DEAD.

Publisher of the Milwaukee Sentinel a Victim of Typhoid Fever.

Milwaukee, Oct. 14.—Lansing Warren, editor and publisher of the Milwaukee Sentinel, died during the day from an attack of typhoid fever. Mr. Warren was taken ill about three weeks ago, having contracted a cold in the East while on a business trip. Upon returning to Milwaukee he was compelled to take to his bed. The cold developed into typhoid fever. While Mr. Warren's condition had been pronounced critical at different times during his illness his physicians and friends never for a moment doubted his recovery.

# VESSEL WRECKED.

Schooner Mont Blanc Goes Down Near Bar Point, Ont.

Amherstburg, Ont., Oct. 14.—The schooner Mont Blanc, coal laden, sprung a leak in a gale on Lake Erie and went down about two miles from Bar Point. The water is not deep where she sank and the crew saved themselves by climbing the rigging and were able to keep out of the high seas which roared beneath them. They were rescued by the tug Cheboygan during the morning and brought here. They were nearly worn out from exposure, and Mrs. Littleton, the captain's wife, who was cook of the vessel, is seriously ill.

# New Ameer Maintains Order.

London, Oct. 14.—"A large Afghan force has been assembled around Kabul and is maintaining order," says a dispatch to The Daily Mail from Simla. "Hahib Ullah Khan has appointed a special guard for each European in Kabul, directing that guards shall answer for their lives for the safety of their charges. The Indian government has postponed the usual move to Calcutta and Lord Curzon has definitely postponed his projected tour."

# Was a Descendant of Franklin.

Philadelphia, Oct. 14.—Mrs. E. D. Gillespie, a great granddaughter of Benjamin Franklin and one of the city's most prominent women, died at her home here, aged 80 years. Her father, William John Duane, was secretary of the treasury under President Jackson and was summarily removed by the president for refusal to comply with his order to remove the public funds from the Bank of the United States.

# Maggio, the Anarchist Indicted.

# COMMANDANT LOTTER SHOT.

Executed by British Authorities as a Rebel.

Middleberg, Cape Colony, Oct. 14.—Commandant Lotter, the Cape rebel whose commando, consisting almost wholly of rebels, was captured south of Petersburg in September and who was sentenced to death, was executed Friday morning.

Two young farmers who had twice joined the Boers have been hanged at vryburg. The death sentences of a number of other condemned men have been commuted to penal servitude.

Commandant Lotter had been tried and found guilty on eight counts, the murder of troopers in action, the blowing up of railroads and the withholding of British subjects and Europeans. Lotter pleaded that he was a citizen of the Orange Free State, but this was disproved.

# NO NEW CARDINALS.

Certain That America Will Not Be Honored at Next Consistory.

Baltimore, Oct. 14.—The Sun prints the following: The Sun has been for some time in possession of information gained from one in close touch with the Vatican that no new cardinals will be created at the coming consistory, but, if any names are presented, no prelate from the United States will be honored. This information is in harmony with what is said to be the intention of Pope Leo that no other American cardinal will be created so long as Cardinal Gibbons lives.

# FOUR TRAINMEN KILLED.

Cattle and Freight Trains Collide Near Mackeys Station, Ont.

North Bay, Ont., Oct. 14.—Two miles east of Mackeys Station an eastbound cattle train and a westbound freight collided while going 30 miles an hour. Both engines were demolished, 20 or more cars were reduced to kindling wood and four trainmen were killed. The dead are: James Y. Phillips, fireman; George Thomas, fireman; Herb Allan, brakeman, of North Bay; and Louis Morel, brakeman, of Mat-tawa.

# Will Inspect Our Railroads.

New York, Oct. 14.—On the White Star liner Celtic, which arrived during the day, was a party of English railway men who come here to spend a month studying American railway methods and inspecting systems. They are George S. Gibb, general manager of the Northeastern railway; Norman D. McDonald, T. M. Newell and Wilson Dorsell, directors of the line.

# Russia Insists on Punishment.

Constantinople, Oct. 14.—M. Zinovief, Russian ambassador to Turkey, had an audience of the sultan. The conversation dealt chiefly with the deplorable situation in the Mush district and the persecutions and murders of Armenians. The ambassador insisted that Turkey should punish the guilty parties.

# Burglars Were Unsuccessful.

Norwalk, O., Oct. 14.—Burglars made an unsuccessful attempt to rob the Monroeville National bank. The inner safe was blown, but the noise aroused the inhabitants and the burglars were forced to flee without having secured any booty.

# HUMAN MONKEYS STUDIED.

Professor Haeckel Tells of the Interesting Species.

Professor Haeckel's latest publication contains some curious information regarding the human monkey of Java, says a London correspondent. A most interesting specimen of the young gibbon was watched by Professor Haeckel at his own house in Java.

The species is found only in Java and is called Hylobates leuciscus. The natives call it, on account of the characteristic sound it utters, "oa." When standing, it is scarcely taller than a child of six years. The head is comparatively small, and it has a small, slender waist. The legs are short and the arms much longer. The face is more human than that of the orang outang.

Professor Haeckel says: "Its physiognomy reminded me of the manager of an insolvent bank pondering with wrinkled brow over the results of a crash. Distrust of the oa toward all white Europeans is noticeable. On the other hand, he was on terms of intimate friendship with the Malays in our household, especially with the small children. He never crawled on all fours when tired of running, but stretched on the grass beneath the tropical sun with one arm under his head.

"When I held tasty food just out of his reach, he cried like a naughty child, 'Huile, huile,' a sound altogether different from 'Oa, oa' with which he expressed various emotions. He had a third and more shrill sound when he was suddenly frightened.

"The speech of these human monkeys has not many different sounds, but they are modulated and altered in tone and strength with a number of repetitions.

"They also use many gestures, motions with their hands and grimaces, which are so expressive in manner that a careful observer can detect their different wishes and various emotions.

"My specimen liked sweet wine. He grasped a cup in both hands and drank like a child. He peeled bananas and oranges just as we are accustomed to do, holding the fruit in his left hand. Most of the Malays do not regard the gibbon and orang outang as brutes. They believe the former are bewitched men and the latter criminals who have been changed to monkeys as punishment. Others think they are men in the course of development."

Seattle, Wash., Oct. 12.—Advices from Juneau, Alaska, say that at the Treadwell mine, on Douglas island, four miners who recklessly attempted to open a box of powder with a pick caused an explosion which killed all four of them and seriously wounded a fifth.

# VESSEL WRECKED.

Schooner Mont Blanc Goes Down Near Bar Point, Ont.

Amherstburg, Ont., Oct. 14.—The schooner Mont Blanc, coal laden, sprung a leak in a gale on Lake Erie and went down about two miles from Bar Point. The water is not deep where she sank and the crew saved themselves by climbing the rigging and were able to keep out of the high seas which roared beneath them. They were rescued by the tug Cobeogyan during the morning and brought here. They were nearly worn out from exposure, and Mrs. Littleton, the captain's wife, who was cook of the vessel, is seriously ill.

# New Ameer Maintains Order.

London, Oct. 14.—"A large Afghan force has been assembled around Kabul and is maintaining order," says a dispatch to The Daily Mail from Simla. "Habib Ullah Khan has appointed a special guard for each European in Kabul, directing that guards shall answer with their lives for the safety of their charges. The Indian government has postponed the usual move to Calcutta and Lord Curzon has definitely postponed his projected tour."

# Was a Descendant of Franklin.

Philadelphia, Oct. 14.—Mrs. E. D. Gillespie, a great granddaughter of Benjamin Franklin and one of the city's most prominent women, died at her home here, aged 80 years. Her father, William John Duane, was secretary of the treasury under President Jackson and was summarily removed by the president for refusal to comply with his order to remove the public funds from the Bank of the United States.

# Maggio, the Anarchist Indicted.

# COMMANDANT LOTTER SHOT.

Executed by British Authorities as a Rebel.

Middleberg, Cape Colony, Oct. 14.—Commandant Lotter, the Cape rebel whose commando, consisting almost wholly of rebels, was captured south of Petersburg in September and who was sentenced to death, was executed Friday morning.

Two young farmers who had twice joined the Boers have been hanged at Vryburg. The death sentences of a number of other condemned men have been commuted to penal servitude.

Commandant Lotter had been tried and found guilty on eight counts, the murder of troopers in action, the blowing up of railroads and the cowardling of British subjects and Europeans. Lotter pleaded that he was a citizen of the Orange Free State, but this was disproved.

# NO NEW CARDINALS.

Certain That America Will Not Be Honored at Next Consistory.

Baltimore, Oct. 14.—The Sun prints the following: The Sun has been for some time in possession of information gained from one in close touch with the Vatican that no new cardinals will be created at the coming consistory, but, if any names are presented, no prelate from the United States will be honored. This information is in harmony with what is said to be the intention of Pope Leo that no other American cardinal will be created so long as Cardinal Gibbons lives.

# FOUR TRAINMEN KILLED.

Cattle and Freight Trains Collide Near Mackeys Station, Ont.

North Bay, Ont., Oct. 14.—Two miles east of Mackeys Station an eastbound cattle train and a westbound freight collided while going 30 miles an hour. Both engines were demolished, 20 or more cars were reduced to kindling wood and four trainmen were killed. The dead are: James Y. Phillips, fireman; George Thomas, fireman; Herb Allan, brakeman, of North Bay, and Louis Morel, brakeman, of Mat-tawa.

# HUMAN MONKEYS STUDIED.

Professor Haeckel Tells of the Interesting Species.

Professor Haeckel's latest publication contains some curious information regarding the human monkey of Java, says a London correspondent. A most interesting specimen of the young gibbon was watched by Professor Haeckel at his own house in Java.

The species is found only in Java and is called Hylobates leuciscus. The natives call it, on account of the characteristic sound it utters, "oa." When standing, it is scarcely taller than a child of six years. The head is comparatively small, and it has a small, slender waist. The legs are short and the arms much longer. The face is more human than that of the orang outang.

Professor Haeckel says: "Its physiognomy reminded me of the manager of an insolvent bank pondering with wrinkled brow over the results of a crash. Distrust of the oat toward all white Europeans is noticeable. On the other hand, he was on terms of intimate friendship with the Malays in our household, especially with the small children. He never crawled on all fours when tired of running, but stretched on the grass beneath the tropical sun with one arm under his head.

"When I held tasty food just out of his reach, he cried like a naughty child, 'Huite, huite!' a sound altogether different from 'Oa, oa!' with which he expressed various emotions. He had a third and more shrill sound when he was suddenly frightened.

"The speech of these human monkeys has not many different sounds, but they are modulated and altered in tone and strength with a number of repetitions.

"They also use many gestures, motions with their hands and grimaces, which are so expressive in manner that a careful observer can detect their different wishes and various emotions.

"My specimen liked sweet wine. He grasped a cup in both hands and drank like a child. He peeled bananas and oranges just as we are accustomed to do, holding the fruit in his left hand. Most of the Malays do not regard the gibbon and orang outang as brutes. They believe the former are bewitched men and the latter criminals who have been changed to monkeys as punishment. Others think they are men in the course of development."

Seattle, Wash., Oct. 12.—Advices from Juneau, Alaska, say that at the Treadwell mine, on Douglas island, four miners who recklessly attempted to open a box of powder with a pick caused an explosion which killed all four of them and seriously wounded a fifth.
